

GERALYN SCHROTH

November 7, 2008

Dear Sis. Murysh and Welgel, Anna & Steve,

What a wonderful and yummy surprise arrived at my door today!

Tom and I are enjoying the edible arrangement of strawberries, melons, pineapple, grapes and dark chocolate dipped apple slices. It's fabulous! I am lucky to be diagnosed early and I am confident I will enjoy a complete recovery and be cancer free. I am also lucky to know such caring health care professionals as yourself. Fondly,
Geraldyn
