

## **5 Step Protocol for Patient Check-in**

- 1. A Patient Screening Form will be emailed to fill out at home. This form will also be available on our website.**
- 2. Patients are asked to call from their vehicle upon arrival and minimize people accompanying them to appointments if possible.**
- 3. A Non-contact Infrared Thermometer will be used to take patient temperatures.**
- 4. Use of hand sanitizer for hand hygiene.**
- 5. Rinse with an Oral Pre-Procedural Rinse.**
