# ABOUT DR. DAMIEN DAUPHINÉE

**Damien  
Dauphinée**  
DPM, FACFAS, FAENS,  
FACCWS, CWS-P

*Dr. Damien Dauphinée has a special interest in reconstructive foot and ankle surgery and trauma, as well as peripheral nerve injuries. Board Certified in Foot Surgery and Reconstructive Rearfoot and Ankle Surgery by the American Board of Foot and Ankle Surgeons, and in Wound Management by the American Board of Wound Management, Dr. Dauphinée is esteemed as a trusted expert within the medical community.*

*Throughout his exceptional career, Dr. Dauphinée has been the recipient of numerous fellowships and awards, which have provided unique opportunities to further study and successfully perform innovative procedures.*

*Dr. Dauphinée also lectures nationally and internationally on the subjects of diabetic limb salvage, hyperbaric oxygen therapy for chronic wounds, and peripheral nerve pathology and treatment.*

*Dr. Dauphinée serves as Medical Director of Limb Preservation for the Wise Healing Center in Argyle, TX. He also serves as faculty for the Association of Extremity Nerve Surgeons' Fundamental and Advanced Peripheral Nerve workshops, where he trains surgeons to treat a variety of peripheral nerve pathologies. He is the author of "Saving Limbs Saving Lives: Advanced Treatments to Prevent Amputations in Diabetic Populations."*

# ABOUT DR. RAAFAE HUSSAIN

## ***Raafae Hussain*** ***DPM***

*Dr. Raafae Hussain is a comprehensive foot and ankle surgeon. His studies began at the University of Hartford where he earned his Bachelor of Science degree. Upon developing an interest in sports medicine and bone deformity, he then went on to obtain a Doctorate of Podiatric Medicine at the New York College of Podiatric Medicine.*

*Dr. Hussain's credentials include Residency/Fellowship instruction from some of the nation's most distinguished foot and ankle specialists. His training includes Residency at the DVA Northport Medical Center, Northport (NY), Residency at the University General Hospital, Houston (TX), and Fellowship in Podiatric Research at the University of Pennsylvania Hospital (PA).*

*Dr. Hussain is a contributing author to clinical research and medical textbook publications. Highly knowledgeable and skilled in advanced treatment options, he demonstrates exemplary expertise both in podiatric medicine, and in his exceptional and compassionate care for patients.*

*Dr. Hussain ascribes to the simple philosophy that each patient is unique and deserving of individualized, attentive, and personable care.*

## **Laser Therapy**

*Our clinic is home to the best laser therapy and treatment technology as key components in our continuing quest to offer you the finest in health care advancements.*

**The MLS Laser for Pain Therapy** uses targeted light wavelengths to decrease inflammation and edema. Patients who experience painful swelling and inflammation can benefit greatly from this technology.

**The Astanza Revolution for Fungal Nails** Kill bacteria at the source! Laser treatment is the safest, most effective method for removing unsightly nail fungus. Get advanced laser treatment with the Astanza Revolution at Complete Foot and Ankle Care today!

## **In-House Digital X-Ray & Wound Assessment**

*This treatment ensures prompt and precise assessments of potential bone and wound related issues by your doctor on-site.*

## **Dynamic Scanning**

The **GaitScan system** records timing sequences during gait and captures the relative pressure for each of ten distinct anatomical landmarks. The result is the detection of imbalances and other indicators of common lower limb pathologies.

# ABOUT THE PRACTICE

# COMPLETE CARE

## **Custom Orthotics**

Doctor prescribed, custom-made orthotics are available to meet patients' lifestyle needs. The **GaitScan™ System** is an innovative diagnostic tool and digital casting device that allows our doctors to analyze patient biomechanics for custom orthotics. With 4,096 sensors and a scan rate of 300Hz (frames per second), **GaitScan™** is the industry leader in offering dynamic scanning capability.

## **Durable Medical Equipment (DME), Diabetic Shoes, Product Store, & More**

We are proud to be a licensed DME dispenser, offering in-office customization services including diabetic shoes, inserts, ankle-foot orthosis, boots, braces, compression socks and more. Our on-site, over-the-counter store provides patients with both convenience and top-quality treatment products.

## **Regenerative Medicine Options**

Regenerative therapy can eliminate pain by stimulating a patient's body at the cellular level to encourage healing.

## **In-House Full Service Nail Salon**

The Nail Treatment Center is no average salon—here, you really can treat your feet—to our expertise, pampering and safety. We offer a new kind of nail spa: a place with the pampering and personalized service of a salon, coupled with impeccable hygiene and sterilization standards.

The best treatment options are available,
