Welcome to Berkeley Pediatrics! We are pleased that you have chosen us to provide your child's medical care. Our goal is to give the highest quality medical care with a personal touch. We hope you find our practice to be a friendly and helpful medical home for many years to come.

Office Hours - Weekdays – 8:30 am to 5:00 pm
Saturday – 8:30 am to 12:00 pm *Urgent care by appointment only.* Sunday – Closed

Medical Advice During Business Hours: (510) 848-2566: If you need medical advice, please call the office or send a message to your provider through our web portal. Your call or message will be returned during regular business hours. Phone calls and messages will be triaged by providers, and more urgent medical needs will be answered first. Providers will return phone calls and web portal messages throughout the day, scheduled appointments permitting. For more urgent matters, please do not use the web portal system—rather, call for advice. Please allow 24-48 hours for responses to web portal messages. Web portal messages are only checked during business hours, so messages sent at night will be seen the next day. Sending a message on a Saturday afternoon would not be seen until Monday morning.

After Hours Advice and Care: (510) 486-8344: If your child has an urgent medical need after hours, you can call the Pediatric After Hours Clinic (PAHC) Urgent Care Line. This line is for urgent medical care only. You will speak to an advice nurse, and the physicians of BPMG will be available for additional consultation if necessary. If there is an urgent medical need that cannot wait until the next day, you may be referred to the Pediatric After Hours Clinic (PAHC), which is a pediatric-specific urgent care clinic. This clinic runs by appointment only. If necessary, the advice nurse will help schedule an appointment for you and give you directions to the clinic, which is located in Berkeley.

Emergent Care: 911 and/or Poison Control 1 (800) 222-1222
Children's Hospital Oakland Emergency Department 747 52nd St. Oakland, CA 94609

In cases of true emergency, call 911. In case of accidental ingestion, call poison control. Our preferred hospital is Children's Hospital Oakland (even for newborns delivered at Alta Bates). The physicians of BPMG have admitting privileges and a close working relationship with the emergency department there.

Appointment Policy: Please call in advance to set up appointments, as we cannot see "drop-in" patients. In this way, we can allow plenty of time for each scheduled patient. We are happy to provide same day appointments for urgent medical problems. Be sure to make separate appointment times for each sibling who is to be seen. A longer appointment is allotted for well child visits, since this is a more thorough evaluation, so please call to schedule these appointments several weeks in advance.

Vaccination Policy: Berkeley Pediatric Medical Group does not accept families who are unwilling to vaccinate their children. This is against our philosophy of high quality, preventive medicine. Feel free to discuss immunization questions with your physician.

FINANCIAL POLICY

A "Patient Information form" is needed for every patient. Please notify us of any change in phone numbers, address or insurance. If applicable, a copy of the insurance card is needed for each patient chart.

PAYMENT - Payment for our services is your responsibility. Co-payments specified by your insurance are due at each visit by the accompanying adult. If your child will not be accompanied by an adult, payment should be sent with the child. If you have no insurance or if you have insurance with which we are not contracted, payment in full is due at the time of each visit. Payment for services that are not covered by your insurance carrier, are due in full at the time of each visit. We have found that some insurance plans do not cover Well Care and circumcisions. Please contact your carrier regarding coverage for these services.

Unless cancelled at least 24 hours in advance, there is a \$50 charge for missed appointments.

INSURANCE - Health insurance is a means to help you with your financial responsibility to pay for health care. Your coverage and benefits are a contract between you and the insurance company. If you have any insurance with which we are not contracted, you will need to pay in full at each visit. We will provide you with the forms you need to be reimbursed directly by your insurance company. If you have an insurance we are contracted with, we will bill that insurance company. **You will be asked to present a current insurance card at each visit.** After billing your insurance company, the remaining balance is your responsibility. **You will receive a statement if your insurance carrier has responded and a payment is due from you.** If we do not have a current insurance card issued to the patient or the wrong primary care physician is listed, you will be asked to pay in full at the time of each visit. Insurance carriers limit the amount of time we can retroactively bill. In order for you to be reimbursed any overpayment, you must provide us with a current insurance card within 30 days of the visit. Please contact the business office prior to any insurance changes.

Newborn Health Insurance Coverage. Coverage is not automatic. The parents must add the baby to the insurance policy as soon as possible within the first 30 days of life in order for the baby to be covered on the policy. Newborn health insurance coverage is usually through the mother's insurance and medical group for the first 30 days of life. We are members of **Brown and Toland Medical Group**. If mom is **not** in Brown and Toland Medical Group, you will need to contact the carrier to see if mom and baby can be in different medical groups for the first 30 days. **The baby must be added to the insurance policy as soon as possible within the first 30 days of life for coverage to continue for your child.** If you have HMO insurance, check that one of our doctors is listed as the primary care physician on the card. If you are unable to present a card for the baby at the 2 month visit, you will be asked to pay in full until we have a card. Insurance carriers limit the amount of time we can retroactively bill. In order for you to be reimbursed any overpayment, you must provide us with a current insurance card within 30 days of the visit.

Statements are sent when there is a balance due from the patient. Payment is due upon receipt. You can pay your statement online thru your MyChart account or on a Guest Account. The link is available on our website.

It is important that you understand our Financial Policy. If you have any questions or concerns, please feel free to contact the business office, 848-4782.
