

*My smile was embarrassing to the point where I covered my mouth when I talked. Eating was a challenge also. I did not have a full bite so I was constantly slopping food on myself. Dr. Patel has given me the confidence to smile again, along with making eating a pleasure. I must say that the pain is what scared me the most about the dentist, but Dr. Patel and Staff have made my experience with them pain free and very pleasurable as well. This has been a life changing experience for me, and I owe all the thanks to Dr. Patel and Staff for all the hard work they have done.*

*Sincerely,*

*Alfonso Vena*
