

Whitening for Life Program

We feel that every patient in our practice deserves to have a smile they can be proud of. We are excited to offer our patients a unique program call Whitening for Life (WFL). Because it is our goal that our patients have healthy teeth & gums for a lifetime, before you can take advantage of WFL, you must complete the necessary dental care as recommended by Dr. Daira Avila. You must keep your recommended preventive visits current. Our patients have found these preventive visits help greatly reduce emergencies and lessen the chances of costly restorative treatment as a result of dental problems not caught early on. That is why we are happy to provide this extra bonus for our patients who are committed to their dental health.
