Brand® Trulicity Bydureon, Bydureon BCise, Byetta Xultophy Victoza, Saxenda Adlyxin Ozempic, Rybelsus, Wegovy

Day or week prior to the procedure:

- Hold GLP-1 agonists on the day of the procedure/surgery for patients who take the medication daily.
- Hold GLP-1 agonists a week prior to the procedure/surgery for patients who take the medication weekly.
- Consider consulting with an endocrinologist for guidance in patients who are taking GLP-1 agonists for diabetes management to help control their condition and prevent hyperglycemia (high blood sugar).
