I really appreciate the time and care that is always given to me. You take the time to always explain and connect with me while your making my teeth beautiful. I now understand how to better maintain my smile and keep myself healthy for years to come. What a gift that you all are to your patients. Thank you for all that you do.

Thanks for  
doing my fillings! I  
was so nervous about the  
shots, but it didn't hurt at all!  
You're the best dentist I've  
ever been to. -Karah F.

Dr. Mindy & Ravi Sinha,

First of all I wanted to say how amazing you guys are. I remember the first time I saw you I was getting married and you took the time to talk to me about manage & how important it is to keep good maintenance on my teeth, now it's six year later & you still take the time to educate & show how to do it right. You take care of your ~~patients~~ patients, with love. My whole family goes to you & they love you. I never had any problems after I got work done in this office.

My daughter is four & I was shocked how she let Dr Mindi do all the work.

Very comfortable environment. Very gentle & their work is very good/high quality.

I love my crown, I can't tell which tooth is the crown (it looks that good). Amazing

Dr's. (Feel like @ home  
(PS. Great staff, very friendly))

I have spent my entire life avoiding the dentist, because of fear of pain and discomfort, just like most people. After my experience here I am no longer scared. The staff takes the extra time to explain what is happening and make you comfortable. This was by far the least painful and stressful dental experience of my life.

Thank you,  

Thank you For making my  
mouth look 100% better  
I Always have a Fair  
time when my teeth worked  
on. Keep up The Great work.  
You make me feel better

I just wanted to say that Dr. Sinha has done a great job with my smile I no longer have headaches or problems with my jaw. He did a great job in the 1 month I spent having all the work done. Thank you very much.

What I appreciate the most by coming to see Dr. Sinha is that he takes the time to explain the process and detail ways to prevent future problems. He is extremely thoughtful and makes me feel welcome each time I come.
