

Hello Family,

We are happy to announce our steps towards normalcy. As always, the safety of our Patients and Team Members remains paramount. As a one-doctor practice, it is in our collective best interests to continue to operate with caution, utilizing CDC recommendations as a guideline, to ensure we remain able to provide you and your family with consistent, caring professional dental care.

CTFD will adhere to the updated procedures below, effective Monday, June 7th, 2021:

KEY DETAILS:

- All Fully Vaccinated patients on file will be allowed in our reception area.
- Fully vaccinated patients are NO LONGER REQUIRED to wear a Mask
- A Mask and waiting in your car will be required for all patients who are not on file as fully vaccinated.
- Please DO NOT enter the building if you are running a fever, have COVID-19 or have been exposed to someone with COVID-19 within the last two (2) weeks.
- Team members will still be REQUIRED to wear A MASK (properly covering their nose and mouth) while in the clinical area.
- Payments will be processed in the exam room.

CTFD is closely monitoring guidelines from the CDC and our State of Georgia Board of Dentistry and referring to major reputable news sources for updates involving COVID-19. As the landscape evolves, our goal is to keep patients informed via social media and email about changes that may impact CTFD operations.

From our family to yours, thank you for entrusting us with your dental care and oral health care. We are in this together, so please feel free to call or email us with any questions or concerns.

Warm Regards,
The CTFD Team
