

288 Groveland Street Unit 3C

Haverhill, MA 01830

December 27, 2021

Dear families,

I am writing to let you know that after almost 30 in medicine, 15 in private practice here in Haverhill, I am going to be retiring. My last day in the office will be July 28, 2022.

It is important that you make arrangements for continuing your children's medical care.

Here in Haverhill, Pentucket Medical Associates (978-521-3230) and Children's Health Care (978-373-6557) are practices that are both accepting new patients. PMA has an Andover location and Children's Health also has an office in Newburyport.

For those of you who want a smaller practice, Riverside Pediatrics in Newburyport (978-475-4522) and Family Care in Georgetown (978-352-7780) are also accepting new patients.

You can also check with your individual insurance companies for more suggestions.

When you do locate a new provider, that person will need your child's records to begin seeing you. We will send your child's records along once we have a signed medical release on file. I have included a medical release form for your convenience. Once we receive the release, we will send your records out promptly.

I hope you all know what a deep honor it has been for me to care for all of you for all these years and I wish you the very best in health and in life.

Sincerely,

A handwritten signature in black ink, appearing to read 'Carolyn Roy-Bornstein', with a long horizontal flourish extending to the right.

Carolyn Roy-Bornstein, MD, FAAP
