FINANCIAL POLICY

We are committed to provide the best possible care. If you have dental insurance, we will help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance and understanding of our payment policy.

Payment is due in full when services are rendered for patients who are not covered by insurance and for new patients seen on a first time emergency basis, unless other arrangements are made prior to treatment. For established patients with insurance, we are required to collect your co-pay percentage or full amount if deductible has not been satisfied at time of service. For your convenience we accept cash, check, Visa or MasterCard. We do not finance, bill, or have a monthly payment plan. If you ask, we will do our best to estimate what your out of pocket will be for each upcoming visit so that you may be prepared to remit for services at that time.

As a courtesy, we will file all insurance if you will provide us with the appropriate insurance information at the time of your visit. Please provide correct insurance cards prior to appointments. Your insurance is a contract between YOU and YOUR INSURANCE COMPANY provided by your employer. We are under no obligation to your insurance company. Please understand that any charges incurred are your responsibility. Not all services may be covered under your contract. Check with your carrier regarding details of your coverage. All services not covered by your insurance are payable at the time services are rendered.

If you have any questions regarding the above information, please do not hesitate to contact our office. We are here to help you!
