

Dear Patients:

It is with mixed emotions that I am announcing my retirement from active practice, effective August 29, 2024. It has been a great pleasure providing for your child(ren)'s health care needs over the years, and I have watched so many kids and families grow over the last 33 years.

I am pleased to let you know that Dr. Vi Pham will be joining Clinical Pediatric Associates and you have the opportunity to have him as your child(ren)'s pediatrician. Dr Pham is a well-trained graduate of The University of Texas Southwestern Medical Center who completed his residency at Children's Medical Center here in Dallas. I am glad to be leaving my patients in his capable hands and expect a seamless transition.

If you desire, you may elect to change your child(ren)'s primary care provider to Dr. Elizabeth Dickey or Dr. Trung Tran within our group. Know that, if you prefer to transfer to another practice, I understand and our staff will assist you in transferring your records. Until then, your child(ren)'s records will remain on file at Clinical Pediatric Associates of North Texas.

I have had the privilege of working with exceptional colleagues in an office that uses evidence based medicine, is patient centered and has a caring long term staff to take care of our patients/families over their infancy, childhood and adolescent years. I will forever be grateful for the 33 years of joy and satisfaction that comes from this environment.

Sincerely,

Mary A. Brown, MD
