Attention All Patients

Starting August 1, 2022, we will impose a \$25.00 NO-SHOW fee for any GYN problem appointment, and \$50.00 for a Well Woman Exam that was not cancelled 24 hours prior.

You will receive a text message confirmation for your appointment 3 days in advance, if you wish to cancel, please reply to the text message, otherwise you will be billed \$25.00 that is not payable by your insurance plan.

There will also be a \$250.00 fee charged for NO-SHOW surgical procedures at our surgery center, or if you cancel in less than two weeks prior to the scheduled case. Please note, no fee will be imposed on patients who were not cleared medically for anesthesia.

Additional questions, please speak to the front desk, billing manager or office administrator.

I have read and understand the above consent and agreement to pay Division 64 in the event I no-show for a GYN visit, or surgical procedure.
