- Non-covered services

Patients NOT eligible for Self-Pay discount:

- Patient has no insurance card to present
- When we are in-network with the insurance company

Self-Pay patients are required to submit a \$100 deposit prior to being seen. Deposit must be cash/credit/debit. After the visit, the charges will be determined as accurately as possible. The discount is offered on the office visit, procedures, and immunization administrative charges but not on office labs or vaccines. If the patient leaves without checking out, the \$100 will be used towards the visit and no discounts will be given. New patients must pay with cash/credit/debit, no checks will be accepted.

Once the doctor's notes have been completed, there may be additional charges that weren't on the fee ticket at the time of service.

The patient is responsible for the balance of all charges. We will send a bill for any remaining charges on the visit.

The patient agrees to adhere to the Self-Pay policies of Family Practice Associates.
